I've never missed it. I mean, it's the only chance that I can roller skate on the road without worrying I might get hit by cars. I have great fun. But still, I hope there will be special paths for roller skaters.

② Ian wrote:

I haven't had a good night's sleep on Fridays since this roller skating thing started. These roller skaters shout and sing when they roller skate by my apartment. It'd be OK if they sang well. But they DON'T!

Friday Night Skate brings noise and trash and makes me want to move!

What the city must think about is where roller skaters should skate. Roller skaters may easily get hit when they skate on the road, but they may hit people when they skate on the sidewalk. It's good that the city opens the roads to roller skaters on Friday nights, but it only fixes part of the problem.
