 3. Draw lower layer for sub-topic, if necessary.

Paris, France is a very special place. It's one of Europe's oldest cities. People first lived there more than 2,000 years ago. These days, most people like it, for many different reasons.

Lovers and young people think it's a very romantic place. They like to walk along the Seine River and drink coffee in small shops. Artists find many interesting things to paint. Tourists love shopping and going to famous places, like the Eiffel Tower. History lovers enjoy walking down old streets and seeing the beautiful buildings.

Paris is not a cheap city. Hotels, food, and other things are expensive. But there's something funny about that. In Paris, people have a really good time. So, they don't mind spending a lot of money!
