Bobbing for apples is one of traditional Halloween games. It needs a large tub of water and apples. If people want to play the game, they can't be afraid to get faces -- and maybe their heads -- wet!

Now, follow the instructions and enjoy the game!

Instructions

1. Find a large, deep trash can or a party tub. It should be half a man high. At least two people can get their heads into it at the same time.
2. Fill tub with water, leaving 4 to 6 inches of space at the top so as to avoid the water splashing out.
3. Float several apples in water.
4. Pick first two or three players and have them put their hands behind their backs.
5. Say, "Go," and have players try to grab an apple with their teeth, all at the same time. The first to bring an apple up wins.
