There are lots of aliens on BTX Planet. Each alien has a big eye on the face, but they have different colors like red, blue, green, orange, yellow, and black. One day, an alien is born. This little one is not red, blue, green, orange, yellow, or even black! It is purple, and it has three big eyes! The mother calls her new baby Love#520. Everyone looks at Love#520 and can not say anything.

Years go by, Love#520 starts his study at school. Student aliens in the school don't like Love#520. No one lets him join in their games. Love#520 has no friends at school.

One day, the school has a one-day trip near a river. They all have a lot of fun there. At 4 p.m., they are going back to school, but 5 aliens are missing. All the aliens are looking for the missing ones.

Love#520 jumps up high on a rock and counts. Three minutes later, he knows it!

Love#520 walks to the river and calls 5 yellow aliens back. They have the same color with the river. Love#520 has 3 eyes, and he can see better!

Everyone loves Love#520 now, and purple is their favorite because only Love#520 has that color. Also, he can help aliens look for things because he has magic eyes!
