Different places use different names of money. We call it “currency.” The Taiwan New Dollar (TWD, NT\$) is the currency of Taiwan. If you go to different places of the world, you need to exchange the currency and know the value of it. The values change every minute. Here is a currency exchange table. Let’s count.

(May 04, 2014 14:53 UTC)

Place	Currency	From 1 unit of the Currency to TWD
The USA	United States Dollar (USD)	30.21
The UK	British Pound (GBP)	50.97
Australia	Australian Dollar (AUD)	28.00
China	Chinese Yuan (CNY)	4.82
