Hello, I'm Patrick, a student from the US. This month, the teachers and students in our school play a wonderful game. We wear clothes and hats like people in old time. We also decorate the old schoolhouse with a lot of old things. We can't use computers or cellphones.

The weather is very cold but there are no air-conditioners in the

rooms. School starts at 7 o'clock in the morning, but it is a little bit dark. We walk from our houses to the school every day. No school buses! The kids in the classrooms are from six to twelve years old. We can do different things only by hands; <u>it</u> is fun. From the game, we know our grandparents' life at their time.

☐ air-conditioners 冷暖氣機
